What's Going on in our Class

This week we worked on the letter Ee and we learned the sight word "we". We learned about what it means to hibernate, what animals hibernate, and where they hibernate. We have been working very, very hard on stretching out and sounding out words. This is very important for your child's writing and reading so please continue to work on it at home too.

Next week we will take a look at the letter Hh and the sight word "are". We are also going to be learning about the 5 senses and nutrition. Also this week we will continue work on sounding out and stretching words! Parent-Teacher Conferences are from 4-8 on Thursday November 13.
